a. MAEER MIT INFORMATION

MAEER was the first step of the revolution in the education scenario of Maharashtra. Maharashtra, the third largest state in the country, with a rich heritage, known as the land of saints and also, the one which gave great leaders to the world had yet to progressed in the field of education.

This realization embarked the journey of MAEER - in 1983 with the establishment of Maharashtra Institute of Technology (MIT), one of the first private engineering college in Maharashtra which still remains the flagship institute of the group.

With the sole objective of meeting the long felt need of a centre of scientific and educational research, which would meet the challenges of the present and the future technical advancements of the fast changing world, MIT Group of Institutions was established as a society and charitable trust. Since then, the MIT Group of Institutions have grown leaps and bounds and has made a strong impact in the field of education throughout the country. With more than 10 campuses in the state of Maharashtra covering almost 1000 acres of area, the MIT Group provides education in the fields of Engineering, Medicine, Pharmacy, Marine Engineering, Insurance, Distance Education,

Telecom Management, Lighting, Design, Food & Technology, Retail Management, Masters in Business Administration, School of Government and also School Education. At any given point of time, more than 50000 students are pursuing various courses all over our 65+ institutes. With this statistics, the MIT Group is almost a big University by itself.

MIT Pune is now MIT-World Peace University and we have also established MIT – ADT University.

a. ABOUT THE HOSPITAL

VishwaRaj Hospital, a 300-bedded super-speciality tertiary care hospital, is an initiative of MAEER's MIT Group of Institutions, Pune which focuses on providing quality healthcare to the Pune region.

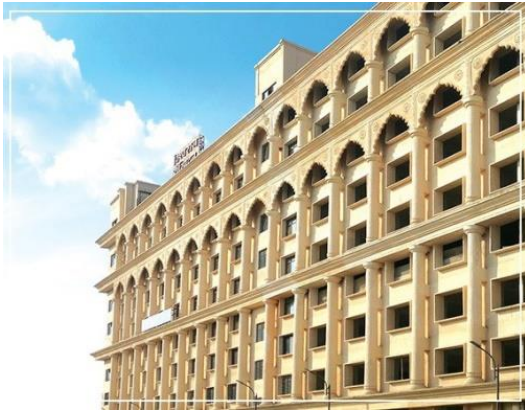

Equipped with leading medical technology, comfortable stay options, a wide-spread network of ambulances and innumerable options to create the best healthcare experience and outcomes both within its premises as well as to the patient's home.

Our patient-centric approach allows us to create the best possible combination of medical, surgical, rehabilitative and supportive treatments. We are focused on continuous quality escalation thus growing each day and keeping pace with international standards of medical care, while staying human in our delivery of care.

We bring a difference in attitude towards healthcare for your benefit.

We believe and live our each day to not only cure sickness but to prevent it and promote health, happiness and peace.

Location, Infrastructure & Facility

On the bank of the river Mula-Mutha, about 12 km from the city of Pune and on the Pune-Solapur Road, lies a pristine stretch of land called 'Rajbaug – the royal gardens'. This location has a special significance for us as it represents a promise made to Shri Raj Kapoor, who donated this land with desire to promote social good in the region.

VishwaRaj Hospital (VRH) stands tall on this pristine land, along with other reputed MIT educational institutes, signifying the fulfillment of our solemn promise made to this legendary actor and film-maker.

VishwaRaj Hospital is well connected by road and railways to provide excellent care to a wide geography in and around Pune. The location is a few minutes' drive from Hadapsar, Pune.

VRH makes sure that the needs of an advanced medical facility in the area are met, and also ensures that people do not have to compromise on healthcare standards or face the inconvenience and the risk of travelling too far.

The 65 bedded ICU & 10 operation theatre Hospital built on a total of 3,00,000 square feet ensures dedicated patient care. Besides the core medical and surgical areas of the Hospital, our facility provides several support services, rehab services and value-added services to patients and families.

Some services like the outdoor yoga and physio center, nature walks, and music therapy services are truly unique.

a. **EXECUTIVE DIRECTOR:**

Dr. Aditi R. Karad

Executive Director, VishwaRaj Hospital

Through our journey over the past three years, we have grown by leaps and bounds and every step of the way has been nothing short of remarkable. We've touched lives, wiped tears of joy and been the silver lining to our patient's healthcare woes.

Our success stems from a culture of quality and dedication that is instilled into every member of the VishwaRaj family. It is because of their generosity, compassion and commitment to clinical and service excellence that we have built a reputation for quality.

These very facets form the basis of our philosophy and will continue to do so in the time to come. With an upcoming network of hospitals and medical centers across the state and country, the future too, is bright with opportunity as we continue our in our endeavor to offer the best of healthcare to one and all.

a. **MEDICAL DIRECTOR INFORMATION:**

Dr. B Janaki Ram

Director Medical Services

We, at VishwaRaj Hospital, strongly believe in patient centric approach and strive to comfort patients not only with the right treatment at the right time but also with proper doctors' communication with patients, relatives, transparency in pricing and affordability.

Though availability of best doctors & cutting edge medical technology is required for patients' fast recovery, we also believe in cleanliness and pristine natural lighting & surroundings of the hospital to speed up healthy recovery of our patients.

After India's IT triumph on the globe, the time has come for Indian health care system to spread wide across and we aim to be one of the best & trustworthy health care leaders' of India. Core DNA of VRH, the guiding principle, is to continuously innovate for better health care at affordable prices. We prefer to be known as one of the best, reliable, evidence based practicing hospitals among public.

We strive to take every step to make VRH as one of the best doctor friendly hospitals, as doctors are key stakeholders to achieve the above said priorities. Even the best of medical technologies come to a halt without strong, committed, expertise & challenge accepting doctors.

Finally, we (the VRH Team) will ensure that patients get unique, warm & compassionate health care services when they are in need. We prefer to be our patients' health care guide not only during unhealthy status but also during healthy condition to lead a better, quality & healthy life style.
